Equipment & Service Pricing

How can we help?

Simply select the level of service you need and decide on how many additional extras you might require. Why not get in touch and let us help you to decide on the right level of support at a price that suits your budget? **Call us on 0800 012 1311.**

Step 1 - The basic kit you'll need

The 'Starter Package' contains a base unit and a pendant. The base unit connects to your phone line and links any other sensors to our control centre. The pendant 'talks' to the base unit. When pressed it immediately calls our control centre.

£50.00 installation cost
