

Lancashire & Cumbria Demolition Contractors Ltd
Compound 12, Orchard Street Industrial Estate, Salford, Manchester, M6 6FL
www.lc-demolition.co.uk

As a company we are delighted to have been chosen by Peaks & Plains Housing Trust to undertake the demolition of a small number of single storey semi-detached bungalows on Warren Close.

We are a family run business and really try hard to get things right.

If you wish to chat with us, then please call Alistair Buckley (off site) or our Manager on site, when we start and we will try our best to help.

As a broad outline of information please see below;

- There will be 5/6 staff working on site Monday through til Saturday (Saturday morning only)
- Working hours during the week will be 8am-5pm
- Site security will be in place out of hours once the day staff leave. It will be a secure fenced site whilst work is being undertaken. As an aside we will be running a sister site at Winstanley House on Northwich Road, at the same time.
- We will need to take waste off site, this will be undertaken by wagons, about 2/3 journeys in/out each day.
- We will always try our utmost to keep noise down as it is a noisy occupation, and to keep any dust to a minimum with dust suppression systems.
- Road cleaning will take place if any of us feel it requires it. We propose to clean vehicles prior to them leaving site to reduce road debris.

Alistair will be working remotely and not necessarily engaged with the day to day demolition but he is more than happy to chat with you at your convenience.

Please bear in mind for safety reasons those who do not work on site will not be allowed through the gate. But we can meet you outside the site.

Alistair Buckley 07740650056

alistair@lcdemolitioncontractors.co.uk

The start date is proposed as 19th July and the work will be for about 12 weeks, hopefully less.

Very best regards Lancashire & Cumbria Demolition Contractors Ltd
